

MATERIAL SAFETY DATA SHEET

Snookums Baby Wipe Unscented Pop Up 80's with lid

Section 1 - Identification

Product Name	Snookums Baby Wipes Unscented Pop Up 80's
Recommended Use	For Cleaning skin
Supplier	Checkout Elti Family Trust
A.B.N.	77382656909
Address	2/3273 Logan Road Underwood 4119 QLD
Telephone	1800 466 277
Email	info@houseofnappies.com.au
Website	www.houseofnappies.com.au
Emergency Telephone	1800 466 277

Section 2 - Hazards Identification

NON HAZARDOUS SUBSTANCE

According to criteria of Workplace Australia.

Section 3 - Composition / Information on ingredients

Ingredients:

Chemical Name	CAS Number
Spunlace Non-woven /fabric	
Propylene Glycol	57-55-6
Cetylpyridinium Chloride	123-03-5
Phenoxyethanol	122-99-6
Polyaminopropyl Biguanide	32289-58-0
Disodium EDTA	139-33-3
Sodium Citrate	6132-04-3
Betaine	107-43-7
Water	7732-18-5
Polysorbate 20	9005-64-5
Aloe Barbadensis Leaf Extract	85507-69-3

Section 4 - First Aid Measures

Swallowed	If swallowed, do not induce vomiting. Give lots of water to dilute stomach contents. Seek medical assistance or Poisons Information Centre immediately.
Eye	If there is contact with eyes, flush with water. Seek medical assistance if irritation persists.
Skin	Contaminated clothing should be removed and affected skin area should be washed immediately. Seek medical assistance if irritation persists.
Inhaled	If Inhaled, expose to fresh air and seek medical assistance immediately.

Section 5 - Fire fighting measures

Not Combustible

Suitable Extinguishing Media

Use water spray, foam, dry chemical or carbon dioxide.

Hazards From Combustion Products

Burning can produce carbon dioxide and carbon monoxide.

Precautions for Firefighters and Special Protective Equipment

Keep exposed packets cool by spraying with water. Packets should be removed from fire path. Fire fighters must wear complete protective clothing and including self contained breathing unit and face masks.

Hazchem Code

Not applicable

Section 6 - Accidental Release Measures

Emergency Procedures

If spilled, area may become slippery and should be cleaned up with water immediately. Area should be safe before returning to work area. Protective gear should be worn to ensure no irritation to skin and eyes.

Methods and Materials for Containment and Clean up Procedures

Empty packets should be collected and disposed of correctly using the local council waste removal service.

Section 7 - Handling and Storage

Precautions for Safe Handling

Keep packets closed at all times when not in use and avoid physical damage.

Conditions for Storage

Store in a cool, dry and well ventilated place.

Incompatibilities

Not to be stored with poisonous, flammable, explosive and radioactive substances.

Section 8 - Exposure controls / Personal Protection

National Exposure Standards

No Exposure standards have been assigned by the National Occupational Health and Safety commission for any components of the product at the use levels.

Biological Limit Values

None allocated.

Prevent solution from entering drains and water courses.

Engineering Controls

None required.

Personal Protective Equipment

Not applicable

Section 9 - Physical and Chemical Properties

Appearance	Moist wipes in plastic foil wrap with a plastic closed lid
pH	4.0 - 7.5
Vapour Pressure	Low
Vapour Density	Not applicable
Boiling Point/Range	About 100 deg C (solution only)
Melting Point	Not Applicable
Solubility	Solution only is completely soluble in water
Specific Gravity	Solution only is about 1.0
Flash Point	SOLution only is greater than 100 deg C tag closed cup
Lower Explosive Limit	Not Applicable
Upper Explosive Llimit	Not Applicable
Ignition Temperature	Greater than 200 deg C
Volatile Organic Content	Less than 1% w/w
Percent Volatile	Solution only is greater than 99% w/w

Section 10 - Stability and Reactivity

Chemical Stability Stable.

Conditions to Avoid	Spills, drains, sewers and water courses.
Incompatible Materials	Should not be mixed with any other chemicals or detergents.
Hazardous Decomposition Productions	Soot, Carbon dioxide, Carbon monoxide.
Hazardous Reaction	Will not polymerize

Section 11 - Toxicological Information

Health Effects

No adverse health effects expected if the material is handled in accordance with the Material Safety Data Sheet.

Swallow	Not considered toxic
Eye	May cause discomfort
Skin	Not considered an irritant

Section 12 - Ecological Informations

Ecotoxicity	Avoid contaminating waterways.
Persistence and Degradability	Degree of elimination for solution only is greater than 90%.
Mobility	No data is available on mobility in soil.

Section 13 - Disposable Considerations

Dispose of container and unused containers in accordance with the federal, state and local requirements. Empty container and lid can be recycled as per local council waste recycling regulations. Products must not be disposed of to the sewerage system, drains or waterways.

Section 14 - Transport Information

Not classified as a Dangerous Good by the Criteria of the Australian Dangerous Good Code.

UN Number	Not applicable
UN Proper Shipping Name	Not applicable
Class and subsidiary risk	Not applicable
Packing group	Not applicable
Hazchem code	Not applicable

Section 15 - Regulation

Classification	Not hazardous according to criteria of NOHSC
Poisons Schedule	Not scheduled

Section 16 - Other Information

Contacts

House of Nappies
Unit 2/3273 Logan Road
Underwood
